Cuticura Remedies.

A minister and his little boy cured of obstinate

Praises them everywhere...in the pulpit, home and in the street.

For about 13 years I have been troubled with eczema or some other cutaneous disease, which all remedies failed to cure. Hearing of the UTICURA REMEDIES, I resolved to give them a trial, and purchased one bottle of CUTICURA RESOLVENT. one box of CUTICURA and one cake of CUTICURA SOAP. I followed the directions carefully, and it affords me much pleasure to say that before using two boxes of the CUTICURA, four cakes of the CUTICURA SOAP and one bottle of CUTICURA RESOLVENT I was entirely cured.

In addition to my own case my baby boy, then about 5 months old, was suffering with what I supposed to be the same disease as mine, to such an extent that his head was coated over with a solid scab, from which there was a constant flow of pus, which was sickening to look upon, besides two large tumor-like kernels on the back of his head. Thanks to you and your wonderful CUTICURA REMEDIES, his scalp is perfectly well, and the kernels have been scattered so that there is only one little place by his left ear, and that is healing nicely. Instead of a coating of scabs he has a fine coat of hair, much better than that which was destroyed by the disease. I would that the whole world of sufferers from skin and blood diseases knew the value of your CUTICURA REMEDIES as I do.

The CUTICURA SOAP and CUTICURA RESOLVENT are each worth ten times the price at which they are sold. I have never used any other toilet soap in my house since I bought the first cake of your CUTICURA SOAP. I would be inhuman, as well as ungrateful, should I fait to speak well of and recommend your CUTICURA REMEDIES to every sufferer who came in my reach. I have spoken of it, and shall continue to speak of it from the pulpit, in the homes, and in the streets. Praying that you may live long and do others the same amount of good you have done me and my child, I remain, yours gratefully.

Eight-Hour Turns.

EEPORT ON EASTERN BOILERS' SCALE Y.

Yesterday's session of the Amalgamated Association Convention was the most important one since the opening day. It was decided to admit everybody who works in or around a mill into the organization. Heretofore only skilled workers were admitted, and the classes not provided for were taken into the Knights of Labor. The nut-makers and other workers were made eligible, and the common laborers can also come in; but there is a proviso in thia. The Eastern delegation that has never before had a Scale Committee reported that they had decided upon a scale of \$4 for boiling on the Philadelphia Manufacturers' 2-cent card rate. It is likely that the convention will get through with the work this week. The new scale will be out to-day and will be forwarded to the different manufacturers for their signatures as soon as possible.

MUST MOVE THE WORKS.

The Allegheny Water Department Likely to be Damaged by the U. S. Dam.

City Engineer Ehlers, of Allegheny, in speaking of the letter of Colonel W. E. Merritt on the Herr's Island dam, said that Allegheny does not want the dam. If it is built the city will be compelled to move the water works. He says that the water in the pool that will be caused by the dam will be impure, and that the city will have to extend its water pipes further up the stream.

How Suffering, Misery and the Seeds of Death Are Taken Into the Body Unknown to the Unconscious Victim.

NEW HAVEN, June 18.—The village of Woodmont is excited over a strange abduction. A 14-year-old orphan girl by the name of Sadie Rlog had from March last made the house of Andrew Gilbert her home. Mr. Gilbert found her one night on the railroad track. The child said she had run away from Norwalk from the home of Lawyer J. A. Gray, by whom she had been shamefully treated. On Tuesday Lawyer Gray and a man whom he introduced as a sheriff called at the Gilbert house. He demanded the child.

The supposed sheriff frightened Mr. Gilbert and he told Sadie that she would have to go. With this the child seized a razor and raised it to her throat, saying that she would kill herself before she would go. The child was driven off. Mr. Gilbert has learned that the sheriff was a fraud. "It is a wonder people live as long as they do," said one of the leading physicians of New York while conversing with some newspaper friends recently. "Every breath that is taken contains poison. Millions of germs, so small they cannot be seen by the naked eye, are drawn into the lungs, the throat, the stomach, and while many of them die, thousands of them live and feed upon the body and cause what is called disease. Germs are the source of all disease; kill the germs and you cure the disease." So interested were his listeners with the above remarks that the doctor continued: "You naturally ask what will kill these germs? I am sorry to say, only a few things. The surest safeguard against all germs is pure whiskey-pure, mind you. Germs do not thrive were it is used judiciously. Unfortunately there is but little pure whiskey to be had and I know of but one pure whiskey to be had and I know of: But one which I can absolutely recommend and that is Duffy's. I have analyzed it carefully and found no fusel oil, no impurities, and nothing that could harm even a child. Duffy's Pure Malt Whiskey is also recommended by such high medical authorities as Dr. Henry A. Mott, Prof. Wm, T. Cutter, Dr. Carnwell and others, Understand we I advocate the use of whiskey.

Her appetite was very poor, and the little food she was able to eat gave her stomach much distress and belching of gas, and every morning she would vomit up her food. As has been stated, her breath was very short, and every time she caught a cold she would have to be bolstered up in bed during the night in order to breathe. When she applied, last April, to the physicians of the Catarrh and Dyspepsia Institute for treatment, the wheezing in her lungs could be heard all over the bouse.
